All I Want

Intro and Verses: **Em///-D///-C///////**

Verse1
I Beat my body down
I press on down the line to win the crown
A slave for what is right
I put myself aside

Chorus
```
  G                    Am
      All I want to be
                          C
      is who you are in me
                        G            D
      And in everything I am a reflection of you
  G                    Am
      All I want to be
                          C
      Is who you've destined me to be
                        G         D
      Let my complexion be illuminating the world for You
```

Verse 2
And I push away the pride
As I leave the past behind and look to you
An unprecedented wine
To fill this needy skin of mine

To Chorus
